The Holy Prophet ﷺ said, **“Whoever helps ease one in difficulty, Allah will make it easy for him in this world and the Hereafter.”**
Sahih Muslim

Together, we are facing challenging and uncertain times. All of us have been impacted by the spread of the COVID-19 pandemic. The education sector has been hit especially hard-with millions of students, teachers and support personnel affected due to school closures, quarantines and lockdowns.

TMF is dedicated first and foremost to the safety and security of our students, teachers & employees. To ensure education continuity, our schools are transitioning to virtual learning, mandating remote work and social distancing, and promoting healthy habits.

However, as the vast majority of TMF's 50+ schools are in rural areas, our situation is more dire. As these families belong to low-income households, the children have become victims of the “digital divide” due to lack of computers, smart devices, internet connectivity, etc. Also, the low-income parents have been rendered jobless and cannot afford to pay the even nominal fees. Hence, our schools are struggling to maintain the monthly wages of our 700+ teachers & staff.

At TMF, we believe investing in education is the best strategic response and the key to a swift recovery post-crisis. During Ramadan, I humbly request you to support TMF and donate your Zakat & Sadaqah to sustain the continuity of education to these vulnerable communities.

Relief Efforts

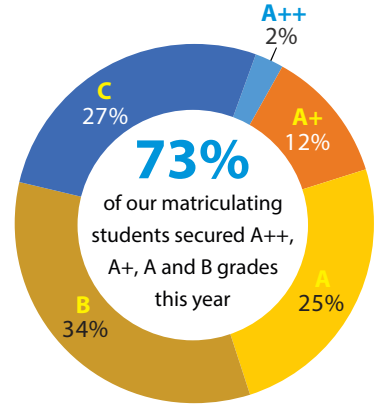

In response to the unprecedented COVID-19 pandemic, Tameer-e-Millat Foundation distributed relief packages to 100+ low-income households in the vulnerable communities of Sugyal (Jhelum), Wajianwala (Khanewal) and Thoha Khalsa (Rawalpindi). The principals of our schools in these areas helped identify deserving families and supervised the efforts.

2019 Matric Results

Once again, TMF is proud to announce that our students passed the Matric Board Examination with flying colors all across our network. The top 3 high achiever positions were secured by Imam Din Tameer-e-Millat High Schools, Mian Channu. Congratulations to all!

1025 Muhammad Sultan **1st**

1023 Malaika Khan **2nd**

1023 Fatima Bibi **2nd**

1004 Hadia Rashid **3rd**

Online learning & Virtual Education

Since mid-March, due to the COVID-19 pandemic, all schools were completely shut down nationwide in order to ensure the safety of our students, teachers and staff. However, this has created a serious disruption in students' academic activities. In order to address this situation, TMF has partnered with Knowledge Platform and launched a Virtual Campus solution. It is an online version of their in-school premium blended learning product, "Learn Smart Classroom" which was already being implemented in 4 of our TMF schools.

As of now, a total 16 TMF schools will take part in this initiative. Student user accounts are being setup on a cloud platform and teachers training sessions have been planned for the near future.

Various online/offline educational resources have also been provided to our TMF schools for distance learning including teaching through cable, whatsapp groups, homework / summer tasks.
